Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Metropolitan Region being 2,385,087.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Armadale District being 283,361.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. - Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Fremantle District being 314,614.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Joondalup District being 411,140.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Mandurah District being 332,236.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Midland District being 302,457.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Mirrabooka District being 326,972.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Great Southern District being 88,364.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Kimberley District being 39,934.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Mid West-Gascoyne District being 67,997.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of Pilbara District being 64,342.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2024, with the population of South West District being 205,620.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

1. Statistics are provisional and subject to revision.
2. This document contains statistical information on selected recorded offences reported to or becoming known to police, and resulting in the submission of an incident report in the Frontline Incident Management System (IMS). It excludes a number of other offences against the statute laws of this State and the Commonwealth.
3. Recorded offences are offences reported to or becoming known to police within the relevant time period that have not been recorded with an offence outcome of: 'No Criminal Offence', 'Offence Substituted', 'False Report', 'Mistakenly Reported', or 'Entered in Error'. That is: statistics exclude offences that have been determined to be non-substantiated or that have been substituted for another offence.
4. The number of recorded offences for a period comprises all recorded offences reported during that period and may include offences committed during earlier periods.
5. Changes to recording and reporting practices implemented between May and November 2017 affect the crime statistics presented in this document. Due to these changes, comparison should be made with caution where it is either of data from before and after the period of recording and reporting changes, or involves data from a period overlapping May-November 2017.
6. Counting Rules have been applied which exclude facilitation and duplication offences in specific circumstances. These rules are applied to certain reporting categories (typically those known to have been prone to over-recording of offences historically) in order to provide a more accurate picture of crime volumes and trends. Counting Rules are applied historically to ensure comparability.
7. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation. However, broader or different definitions may be used for WA Police Force crime statistics reporting purposes, to capture similar offence types. Please refer to the Glossary for more information.
8. 'Assault' and 'Threatening Behaviour' offences are categorised into 'Family' and 'Non-Family' according to the victim type of the offence and Family Relationship flag applied to the incident. Where the victim type is 'Officer', the offence will be categorised as 'Non-Family'. Where the victim type is not 'Officer', the offences on the incident will be categorised into 'Family' and 'Non-Family' based on the Family Relationship flag applied to the incident.
9. The application of the Family Relationship flag to an incident is dependent upon the recording officer and the definition of Family Relationship used by the WA Police Force at the time.
10. From 01 July 2017 a family relationship is defined by the WA Police Force for the purpose of recording incidents as immediate family, and involves:
 - Partner/ex-partner
 - Parents
 - Guardians of children
 - Children who reside or regularly stay with involved parties
11. Circumstances of aggravation are factors present during an offence that escalate the severity. For example, if during a robbery offence the offender threatens to kill any person, it is considered 'aggravated robbery'. Due to recording limitations, offences committed under circumstances of aggravation are included, but not distinguished in this report.
12. The following offence types are new series from June 2017 and did not exist prior to this date: 'Stealing From Motor Vehicle (Contents or Parts)', 'Stealing From Retail Premises (Shoplift)', 'Stealing From Dwelling', and 'Stealing From Other Premises or Place'.
13. 'Stealing (Not Elsewhere Classified)' is a former offence type, whose use was curtailed in June 2017.
14. 'Detected Offences' comprise categories of offences such as 'Drug Offences' which are usually detected by - rather than reported to - police. Consequently, any changes in detected offences statistics may be influenced by police activity and/or the prevalence of the offences occurring in the community.
15. 'Miscellaneous Offences' (i.e. 'Fraud', 'Graffiti', and 'Breach of Violence Restraint Order') comprise offence categories where the number of reported and detected offences is dependent on external factors. For example, the number of 'Fraud' and 'Graffiti' offences are dependent on reporting practices and recording issues by Government agencies, local government authorities and private enterprises. The number of 'Breach of Violence Restraint Order' offences is affected by enhancements to family violence legislation and ongoing Government and police strategies.
16. 'Fraud (Not Elsewhere Classified)' has a series break at June 2017. Prior to this date this offence type included credit card fraud. After this date, credit card fraud is reported separately as 'Fraud (Credit Card)'.
17. 'Breach of Family Violence Restraint Order' includes relevant offences introduced in July 2017 due to legislation changes and 'Breach of Violence Restraint Order' where a family relationship is determined to exist.
18. Location data is recorded for all offences. However, if the location is unable to be mapped using WA Police Force geographical mapping tables, the offence will appear in WA State level data, but not appear at region level.
19. Proactive policing strategies undertaken to encourage the reporting of certain offences, such as family violence and sexual assault, as well as the proactive targeting of specific offences will increase the number of offences reported or detected for a given period. However, a decrease in the number of reports for a targeted offence may occur in subsequent periods if the targeting has been successful or a different offence becomes a replacement target.
