## **BUTTAH WINDEE LAYOUT PLAN 1**

---

Buttah Windee Layout Plan 1 was prepared in 2007 by consultants Plexus Town Planning. The Layout Plan was endorsed by the resident community in March 2007, by the Shire of Meekatharra in July 2007 and by the WAPC in November 2007.

The background report that was prepared at that time is now significantly out-of-date. The map-set, however, is generally as per the draft prepared at that time.

The attached text is primarily for the purposes of version control, supporting the map-set.

## AMENDMENTS

## Buttah Windee Layout Plan 1

### Amendment 1

Plan Date : 21 March 2007 WAPC Endorsed : 13 November 2007  
Proponent : Department of Planning Requires : WAPC only – minor amendment  
Endorsement

#### Reason for the Amendment

The Department of Planning, on behalf of the Western Australian Planning Commission (WAPC), is the custodian for Layout Plans prepared under State Planning Policy 3.2, including the Buttah Windee Layout Plan 1.

Since the publication of that Policy in August 2000 all Layout Plan map-sets have been prepared using a variety of computer-aided-design (CAD) formats. All Layout Plan map-sets have now been converted to a common user geographic information systems (GIS) format, including the Buttah Windee Layout Plan 1.

This conversion process has required a comprehensive re-development of the map-set and includes a number of data and content upgrades. This may include the establishment of new Settlement Layout lots (SL-lots), the inclusion of recommended settlement zones, modification to ensure land-use areas accord with Aboriginal Settlements Guideline 1, inclusion of drinking water source protection areas, incorporation of updated cadastre, and many other general improvements.

#### Approved

This is a minor amendment as the myriad changes made to content and illustration are of a technical nature. As such, under provision 6.14 the endorsement of the WAPC only is required.

#### Other Information:

**This Layout Plan does not constitute development approval.**

It is the responsibility of the developer to ensure that all relevant consents, approvals, licences and clearances are in place prior to commencing physical works on site. Organisations responsible for such matters may include landowner, local government, incorporated community council, native title representative body, Department of Environment & Conservation, Aboriginal Cultural Materials Committee, Environmental Protection Authority, Department of Consumer & Employment Protection and Department of Water.
