Managing works projects other than non-residential buildings

For works procurement other than non-residential buildings, a Customer Agency must seek support from a Delivery Agency for the delivery of these requirements.

The Delivery Agency is to provide support to the Customer Agency except in extraordinary circumstances. This General Procurement Direction does not grant the Customer Agency the authority to procure works, therefore the Delivery Agency will be the principal to the contract(s).

The Customer Agency must inform the Department of Finance within 30 calendar days of the commencement of such an arrangement with a Delivery Agency.
