

Notification of operator

This form should be used by instrument holders to notify the department of the operator as required under the following regulations:

- **Petroleum, Geothermal Energy and Greenhouse Gas Storage (Environment) Regulations 2012**
- **Petroleum and Greenhouse Gas Storage (Submerged Lands) (Environment) Regulations 2012**
- **Petroleum and Greenhouse Gas Pipelines (Environment) Regulations 2012**

Instrument holders should consider the following when selecting an operator of a petroleum, geothermal, greenhouse gas storage or pipeline activity:

- Only the operator may submit an Environment Plan.
- There must be an operator for the activity at all times.
- The operator is the person responsible to the instrument holder for the overall management and operation of the activity.
- This form should be submitted at the time of, or prior to, submitting the first Environment Plan.
- Instrument holders must submit a revised form when there is a change of operator or related details.
- The requirement for and notification of operator does not affect any duty or responsibility of the instrument holder.

1. Petroleum/geothermal/greenhouse gas storage/pipeline instrument(s)
